CSA AGREEMENT

CSA is the idea of community supported agriculture that is designed to directly connect consumers with growers. Consumers (shareholders) commit to supporting farms and growers by sharing the cost of produce production, along with the accompanying risks such as weather and disease.

By signing below, I am committing to Marshall's Farm Stand's CSA for the entire 2012 growing season, and I am committed to paying the total amount detailed above. I understand that farming is unpredictable and that, while Marshall's Farm Stand will act in good faith to provide fresh produce for the duration of the season, we cannot guarantee exact quantities or contents of each weekly share.

Thank you for your continued support! We are looking forward to the 2012 growing season.
